

Sewing Lessons for Ladies

Barbara's Sewing Studio

Keeping the Art of Sewing Alive

Barbara Legare

Owner/Instructor

Member of the American Sewing Guild

Learn to sew or enhance your sewing skills by attending sewing lessons taught by a qualified sewing instructor at a fully equipped sewing studio.

Barbara's Sewing Studio is a place where you can relax and learn while receiving personal attention from a capable, patient and enthusiastic instructor who has a passion for the art of sewing.

Barbara has over 40 years of experience with custom designing and sewing as well as instructing in the art of sewing fashions, home décor and crafts. For three years she was an instructor at a local sewing school before its closing. Hundreds of ladies have learned and enjoyed the art of sewing by attending lessons with Barbara.

Ladies (age 15 and beyond) who have never sewn and those who have had some previous sewing experience have all benefited from attending lessons with Barbara. Her students receive the benefit of her many years of sewing experience and learn tips and techniques that make their projects professional and customized.

Sewing Lessons for Ladies are a series of carefully designed lessons, scheduled at the student's convenience. Instruction is available Tuesdays through Saturdays during the mornings and afternoons. Evening lessons are available Tuesdays and Thursdays. Sewing machines and sergers are provided and some project supplies are provided. Assistance with the students personally owned machine is offered.

Detailed flyers are available with the description of the lessons including the cost. Referral reward credits are given to those who refer their friends to the studio.

For more detailed information contact Barbara by phone or e-mail.
